Sir

I thank you very much
for your kindness in sending
the information as to the
"Method" of Pestalozzi, and
Krusi's "Inventional Perspective"
which I have forwarded
to Mr. E. Cooke, as desired.

The recollection of
my visit to Pestalozzi-Land

Leylands

will be a source of perennial
pleasure to me. I only wish
I had done more while
there. But it was my first
visit to Switzerland.

I am Scotch, although long
resident in London.

Wishing you, our Northern
greeting. A Good New Year.

I am
Yours faithfully,
Margaret C. Crombie.

Dr. O. Hunziker.
